

Hello,

I am Muhammad Jaliawala, a fresh Marketing graduate from Iqra University in Karachi, Pakistan. I am here in Mantua, Italy as an AIESEC exchange participant for the project "EduCHANGE". So I am here to teach High School students the topics like Human Rights, Women Rights, Democracy, Multiculturalism, Ecology and History of Asia. I am a fun loving guy who really wants to share his experience, make new friends and love to explore the Italian culture.

Looking forward to meet you. :D
